

HOTELS

PRODUCTS

brainLight The brainLight relaxTower provides hotel guests with quick physical and mental relief at the touch of a button. A state-of-the-art computer harmonizes the brain waves via LED-glasses and headphones, while at the same time controls a Shiatsu massage chair—automatically and optimally attuned. A coin acceptor can be incorporated. The brainLight-System is an innovative extra in spas and hotel rooms for modern, service-oriented enterprises.
